SBIR / STTR REQUEST COMPANY QUESTIONNAIRE
LOS ALAMOS NATIONAL LABORATORY

The purpose of this questionnaire is to gather the initial information Los Alamos National Security, LLC (LANS) on behalf of Los Alamos National Laboratory (Los Alamos) requires from your company in order to consider participating as a research institution in a Small Business Innovative Research (SBIR) or Small Business Technology Transfer (STTR) proposal. LANS may request additional information based on the statement of capabilities being requested.

While LANS will exercise reasonable efforts to support small businesses on SBIR-STTR Funding Opportunity Announcements, LANS reserves the right not to perform technical work for, or in collaboration with, a small business based upon additional information that may not have been available to LANS at the time Letters of Intent were submitted to the federal Sponsor.

Instructions:

1. All fields are required, if a field is not applicable put "N/A".

2. Send an electronic copy of this questionnaire to the Richard P. Feynman Center for Innovation (FCI) at Los Alamos: sbir-sttr@lanl.gov .

Questionnaire:

1. What SBIR / STTR solicitation is your company responding to *(Please list agency with number, title, and Topic Area, if applicable)?*

2. What is the LANS unique capability your company would like to access on this SBIR / STTR proposal?

3. How did your company learn about this research capability?

4. Is there any intellectual property associated with this research capability? If so, what is the name of the technology or software (If applicable, please include patent numbers or patent application numbers)?

5. Give a brief description of the applications and/or activities for which the company intends to use the requested intellectual property:
